

Women's Health and Cancer Rights Act

IMPORTANT INFORMATION

The Women's Health and Cancer Rights Act of 1998 requires group health plans that provide coverage for mastectomies to also provide coverage for reconstructive surgery and prostheses following mastectomies. A participant or dependent who is receiving benefits in connection with a mastectomy will also receive coverage for:

- all stages of reconstruction of the breast on which the mastectomy was performed;
- surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- prostheses and treatment of physical complications of the mastectomy, including lymphedemas.

This coverage will be provided in a manner determined in consultation with the patient and the patient's attending physician, and is subject to any applicable annual deductibles, coinsurance and/or copayment provisions.
