To Whom It May Concern:

This is to verify that the Cullman County Commission has no zoning ordinances or permits within unincorporated areas of Cullman County. The County does have in place subdivision regulations, logging ordinances, utility permits, driveway pipe installation permits and floodplain development ordinances. Areas surrounding the Cullman Regional Airport may be subject to other restrictions and the Airport should be contacted directly. You should check any specific Federal or State guidelines, and with any specific municipality, if applicable. Cullman County does not inspect structures for compliance of plumbing, electrical, or structural integrity, nor do we issue or require a certificate of occupancy.

If you have questions or need additional assistance, please contact the Commission office at 256-775-4878 or the County Engineering Office at 256-796-2266
