

**CULLMAN COUNTY COMMISSION
FIRST RECESSED MEETING
October 7, 2010**

Chairman Graves reconvened the Commission Meeting at 11:31 a.m.

He stated there had been a request to put certain items on the agenda; however that requires unanimous consent of all commissioners and his vote is “no”. He therefore made a motion to adjourn.

Commissioner Williams stated the items were given to the Chairman prior to the meeting and for some reason, they were not put on the agenda. Commissioner Williams contended the items were on the agenda and were not items to be added to the agenda.

Commissioner Williams started to read the first item he wanted on the agenda when the Chairman interrupted stating he did not recognize Commissioner Williams.

Commissioner Willingham stated the Chairman was wrong in not presenting the requested items.

After several minutes of wrangling, the Chairman began a one hour filibuster in which he went back over the original agenda discussing each item in great detail to include an in depth history of the County regarding all the items on the agenda.

Commissioner Williams objected twice to the Chairman’s “ramblings”. Chairman Graves asked if the public objected to him “informing them” of where their tax dollars were going and then continued the filibuster while touching on the budget of the County.

Commissioner Williams made a motion at 12:34 p.m. to recess the meeting for fifteen minutes. Commissioner Willingham seconded the motion.

James D. Graves, Chairman

J. Douglas Williams
Associate Commissioner

Wayne Willingham
Associate Commissioner
